

About

Mirror Mountain Film Festival brings the best in independent, alternative and underground cinema to Canada's capital. We are a diverse and inclusive festival that welcomes all types of films and all types of people to share in the collective cinema experience. Our mission is to promote unique and original creative voices from the Ottawa-Gatineau region and from around the world. Mirror Mountain showcases innovative, groundbreaking and unconventional films in a wide variety of genres, including drama, documentary, animation, experimental, horror, sci-fi, fantasy, dance and music videos. In addition to film screenings, the festival features engaging, community-oriented activities such as live performances, hybrid media presentations, interactive exhibits, parties, panel discussions, Q&A sessions and more. Our events aim to connect filmmakers both with audiences and with one another, and to support artists through educational and professional development opportunities.
